Pleasanton, California 94566

Dear Ms. Stefani:

The California Environmental Protection Agency (Cal/EPA) and the Department of Toxic Substances Control conducted a program evaluation of the Livermore – Pleasanton Fire Department Certified Unified Program Agency (CUPA) on November 7 and 8, 2007. An evaluation report was provided to your office which included identified deficiencies, preliminary corrective actions and timeframes for correction.

Cal/EPA requests that the CUPA's follow-up on deficiencies identified in the evaluation by submitting deficiency progress reports every 90 days that depict the progress being made towards correcting the identified deficiencies. A deficiency progress report was due on June 5, 2008. On May 14, 2008, Cal/EPA reminded you that a deficiency progress report was due on June 5, 2008. On June 12, 2008, you informed me that the report would be submitted by June 20, 2008. Cal/EPA has not received the deficiency progress report.

The Livermore – Pleasanton Fire Department CUPA is requested to respond to our letter and submit the deficiency progress report to Cal/EPA by August 7, 2008. If you have any questions or concerns, please feel free to contact me at (916) 323-2204, or email at jjaschke@calepa.ca.gov. I look forward to receiving the deficiency progress report.

Sincerely,
